Re: WC Docket No. 14-58
2015 ETC Annual Report of The Rye Telephone Company
Study Area Code 462203

Dear Ms. Dortch:

On behalf of The Rye Telephone Company ("Company"), JSI files the attached confidential and redacted versions of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Company seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is also being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the initial section 54.202(a) of its Progress Report on its Five-Year Service Quality Improvement Plan, anchor customer list information, and of outage reporting as required by Section 54.313(a)(1).³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President

**Re: WC Docket No. 14-58
2015 ETC Annual Report of The Rye Telephone Company
Study Area Code 462203
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client The Rye Telephone Company (the "Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules,¹ withholding from public inspection certain information contained in attachments to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment are attachments to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").³
2. Pursuant to Section 54.313(a)(1), Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan ("Progress Report"), a listing of community anchor institutions to which the ETC newly began providing broadband service, as well as outage information, all of which are contained in the attachments to the 2015 Report.⁴
3. The information contained in attachments for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Progress Report provided at FCC Form 481 Line 112 attachment and the document which pertains to line 3012. The Company also seeks

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ 47 C.F.R. §§ 54.313(a)(1).

Echelon Building II, Suite 200
9430 Research Blvd., Austin, TX 78759
phone: 512-338-0473, fax: 512-346-0822

Eagandale Corporate Center, Suite 310
1380 Corporate Center Curve, Eagan, MN 55121
phone: 651-452-2660, fax: 651-452-1909

6849 Peachtree Dunwoody Road
Bldg. B-3, Suite 200, Atlanta, GA 30328
phone: 770-569-2105, fax: 770-410-1608

phone: 801-294-4576, fax: 801-294-5124

withholding from public inspection data pertaining to the Company's outages provided at FCC Form 481 Line 220 attachment, Outage Reporting. Information of this nature is confidential commercial information routinely withheld from public inspection.

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services and customer list information. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance of the Company's network. Further, the document which pertains to line 3012 is of a competitive nature in that it contains confidential customer list information.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. The FCC's *USF/ICC Transformation Order* and Section 54.313(f)(1)(2) requires rate-of-return carriers to provide a listing of community anchor institutions to which the ETC newly began providing broadband service. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports and disclose customer list information which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

With respect to identifying the degree to which the outage data contained in the Line 220 attachment concerns a service that is subject to competition, the information pertains to the network and operations of a telecommunications company that has competitors that could benefit if they were able to have access to this information.

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

5. With respect to identifying possible exposure to competitive harm, the information contained in Lines 112, 220 and 3012 is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Progress Report to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.
7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. The Commission has previously concluded that there is a presumptive likelihood of substantial competitive harm from disclosure of outage information.⁶ The Commission also determined the disclosure of outage reporting information to the public could present an unacceptable risk of more effective terrorist activity and could therefore result in potential harm to the public and the national defense.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to the Company's FCC Form 481 attachments included under the Progress Report provided at Line 112, the outage information provided at Line 220, and customer list information provided at Line 3012.

Please contact the undersigned with any questions regarding this request.

⁶ See *In the Matter of New Part 4 of the Commission's Rules Concerning Disruptions to Communications*, ET Docket No. 04-35, *Report and Order and Further Notice of Proposed Rulemaking*, FCC 04-188, rel. Aug. 19, 2004, para. 45.

Sincerely,

A handwritten signature in cursive script, appearing to read "John Kuykendall".

THE RYE TELEPHONE COMPANY

STUDY AREA CODE 462203

RESPONSE TO LINE 510 - SERVICE QUALITY STANDARDS

**AND CONSUMER PROTECTION RULES COMPLIANCE
(Voice and Broadband)**

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

The Rye Telephone Company (“Rye”) hereby certifies that its voice service complies with applicable service quality standards and consumer protection rules. Rye complies with consumer protection obligations under Colorado state law. Specifically, C.R.S. 6-1-101 (2013), Colorado Consumer Protection Act protects consumers and businesses against fraud and maintains a

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

competitive business environment by enforcing state and federal consumer protection laws; enforcing state and federal antitrust laws; and advocating on behalf of residential and small business taxpayers.

Rye is regulated by the Code of Colorado Regulations, 4 CCR 723-2, Rules Regulating Telecommunications Providers, Services, and Products. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff which discloses rates, terms and conditions of service to customers (2) adherence to Quality of Service Standards, and (3) conforming to Customer Billing standards.

Rye is also subject to federal truth-in-billing requirements, has implemented CPNI and Red Flag Rules policies, and is complying with other applicable federal and state requirements governing the protection of customers' privacy.

Rye is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order* when it becomes effective.

THE RYE TELEPHONE COMPANY

STUDY AREA CODE 462203

RESPONSE TO LINE 610 – ABILITY TO FUNCTION IN EMERGENCY SITUATIONS

(Voice and Broadband)

The Rye Telephone Company (“the Company”) hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2).¹ The Company’s voice and broadband network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company’s central office can maintain eight hours battery reserve rated for peak traffic load requirements, and a permanent auxiliary power unit is installed which can be delivered and connected within four hours. The Company has battery backup at all office locations and in its electronic equipment sites. The Company tests the batteries at least once per year, and length of run time is determined by the equipment serving the area and the number of customers supported by the equipment.

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

Rates, Terms and Conditions for Lifeline Service

(Response to Form 481, Line 1210)

Local exchange service rates and charges as specified below are for basic local exchange service, including Tone Dialing Service, and facilities only. The rates for other ancillary services not specifically shown below are presented in The Rye Telephone Company's tariff(s) on file with the Colorado Public Utilities Commission. Unless otherwise specified, the rates and charges quoted below are for a period of one month, payable in advance and provide unlimited flat rate calling within the local exchange calling scope.

Residential Local Exchange Access Line Rates:⁽¹⁾⁽²⁾

Exchange Name	R-1 Rate	Res. EAS Charge
Colorado City	\$ 19.70	\$ -
Kim	\$ 19.70	\$ -
Rye	\$ 19.70	\$ -

⁽¹⁾ Above listed fees do not include mandatory taxes, fees and surcharges, including, but not limited to Colorado Universal Service Fund charges, 9-1-1 fees, and municipal franchise fees.

⁽²⁾ Qualified Lifeline customers are eligible for Lifeline credits or discounts as outlined in the attached Lifeline tariff.

Rules, Regulations or Extension Policy

LOCAL EXCHANGE SERVICES TARIFF

4. Colorado Direct Service Programs

4.1 LIFELINE SERVICE PROGRAM

The Company shall provide Lifeline Service Program benefits as defined in 47 C.F.R. §54.401(a) on a nondiscriminatory basis to all eligible low-income customers. The Company's Lifeline Service Program offering shall comply with all applicable federal and state laws, including, but not limited to 47 C.F.R. Part 54, Subpart E, and the Federal Communication Commission's Lifeline Reform Order (Report and Order released February 6, 2012, WC Docket No. 11-42, et al.) The program is provided in the Telephone Company's local serving area by the Telephone Company to reduce the telephone charges for eligible low-income customers. The federally funded Lifeline Service Program provides a discount per household. The federal Lifeline discounts apply on a single line at the principal residence for the eligible customer. The customer cannot receive federal Lifeline discounts from multiple telecommunication providers. Lifeline Program customers must verify that they remain eligible to participate in the Lifeline Service Program once each calendar year or upon the request of the Telephone Company. Discount amounts are provided in Section 20.4(A).

The Rye Telephone Company

Study Area Code: 462203

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

The Rye Telephone Company hereby certifies that throughout 2014, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream, and currently, it is taking reasonable steps to provide upon reasonable request actual speeds of at least 10 Mbps downstream/1 Mbps upstream broadband service at with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, and offering broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream is reasonable, the Company offers broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream.

CONFIDENTIAL AND PROPRIETARY

Rye Telephone Company (SAC 462203)

Response to Line 3012 - List of Community Anchor Institutions to Which the ETC Newly Began Providing Service

The FCC's *USF/ICC Transformation Order* requires a listing of community anchor institutions¹ to which the ETC newly began providing broadband service. The Rye Telephone Company ("Rye") hereby provides the FCC with a list of community anchor institutions to which it newly began providing access to broadband service in calendar year 2014.

Number	Name	Address
■	■	■

■ ■ FCC has defined community anchor institutions in Section 54.5 of its Rules as "schools, libraries, health care providers, community colleges, other institutions of higher education, and other community support organizations and entities."
